

# Potyczki matematyczne październik

## Klasa 4

Wykonuj kolejne działania, szukaj poprawnego wyniku i znajdź drogę do skarbu.

The maze consists of a grid of paths. The starting point is at the top left, indicated by a pair of shoes and a downward arrow. The treasure is a pot of gold located in the center of the maze. The paths are labeled with multiplication problems or their results. The correct path is the one that leads from the start to the treasure.
